BOLSA FIRM.

COMMITTEE APPOINTED TO INVESTIGATE CARVE'S INSINUATIONS.

Montevideo, 23d.

Nationals 1544.
Obras 404.

Message from E. P. placed before Clamber to-day objecting to absurd interpellation of the Ministry by Carve. Matter placed in hands of special commission named by Chamber.

## THE BOLSA CRISIS.

The River Plate world sings a "De profundis" over the gold ring. The fitters of unbridled speculation are broken. The centre of the gold market has been abruptly changed; and at a moment when the empire of the ring was considered the strongest, it is dethroned. Even within the last 24 hours we have discovered that the gold ring was not a necessity. The affairs of the market can be conducted without its agency, and the wonder is that the market so long supported an incubus which the triumph of an idea removed. Public opinion has asserted itself, and in such an emphatic manner, that Minister Varela in one short day, from being the most abused, is now the most popular of men. The Camara Syndical is left no other course but to resign, since the very electors of that board censure its conduct. The Bolsa doors were closed for two days, yet the market survives. The Bomberos and the policemen played their part, but they were mere agents. It was not the Government, or the Minister, or the Chief of Police that closed the Bolsa, but it was *Error*—the same error that created the abuse of the gold ring, the same error that has pungued the country into an extravagance without precedent and a prosperity without foundation. Things were all wrong with us; we were all marching straight to headlong ruin, but the ascendancy of Error is over, and sound common sense has at last prevailed.

Yesterday was another anxious, troubled day. The Bolsa remained closed but the street was not so thronged as on Friday. The Committee of bank mangers named 'ad hoc', met in the morning at the National Mortgage Bank, Calle Suipacha, and after a long discussion arrived at the following resolutions:

1st. To advise the Camara Sindical of the Bolsa to withdraw its note, and to send a new note to the Minister accepting the decree.

2nd. That should the market require, owing to the circumstances, an aid, the Government should be asked to help the market.

The Committee was composed of the following members.

Mr. Anderson Manager London and R. P. Bank.

Mr. Stoppain Manager Banco de Italia y R. de la Plata.

Mr. Tornquist.

" Sastre, Prest. National Bank.

" Corti, partner Carabassa Banl.

" Maschewitz, Manager Deutsche Bank

" Correa Morales Banking broker.

At the conclusion of the meeting, a committee of two was named to wait on the Camara Sindical and inform them of the report. The Committee meeting was then adjourned to 4 p.m. in the evening.

Meanwhile petitions were flying about from hand to hand in the street, approving of Minister Varela's decree and at Mr. Rom's office at the corner of Calle Reconquista and Piedad there was a crowd signing a petition asking the Camara Sindical to call a meeting of the Bolsa members, which received general signature and which we suppose will compel the Camara to call an "asamblea" which will test the opinion of merchants, bankers and brokers on the measure.

The petition of merchants which we give hereunder, has gone a great way to form public opinion, as also the result of the meeting of the Camara de Comercio, which is a kindred institution with the Camara Sindical. Possibly if the Camara Sindical had contemplated these expressions of opinion, it would have been more cautious in its action and more prudent in its note. The lesson it has got is a good one, and should not be lost sight of.

Even Camaras may err, and to withdraw the note and resign seems the only course under the circumstances left open to the board.

Gold ruled much weaker all day yesterday than on the previous day. The augurs who predicted gold at 170, were astonished to find yesterday evening that even at 159 there were no buyers. Had the gold ring been opened as usual we should have had three millions at the first ring and four millions at the second bought and sold on each day, say 14 millions for the two days; the Bolsa has remained closed, whilst the real 'bona fide' market requirements for the two days did not reach two hundred thousand gold dollars. Such an artifical state of things could not possibly last. Minister Varela has cut the Gordian Knot and if we except a handful of brokers and gold speculators, the whole market is with him. With much pleasure we give the following petition of merchants:—

"The undersigned, merchants of this city, feel much pleasure in warmly congratulating the Minister of Finance, Don Rufino Varela, on his clear and truthful exposition of the causes of the present monetary situation, which has impelled the Executive to make an effort to control the business of the market.

On Friday night the Camara de Comercio, met in the offices of Mr. Rufino Basavilbaso, Mr. Sousa Martinez in the chair. A warm discussion arose on the question whether a petition should be sent to the Minister for the opening of the Bolsa, on the understanding that the decree prohibiting gold sales should be respected. Three times the Camara voted, the result being as follows: 1st, Negative 11 against 16; 2nd, Negative 12 against 15; 3rd, Affirmative 14 against 13. It was consequently decided to draw up the petition, the Camara taking upon itself the responsibility of representing the Bolsa. A deputation comprising Messrs. Sousa Martinez, E. D. Parody, J. L. Samoza, and T. Santa Coloma, immediately called on the Minister and asked him to allow the Bolsa to be opened. In reply Mr. Varela requested them to return on the following day, and that he was quite sure the Government would favorably consider the petition.

The Centro Comercial, commonly known as the Bolsin, held a meeting on the same night and decided to name a Camara Sindical to regulate business transactions.

The following members of the Bolsa yesterday petitioned the Camara Sindical to call a meeting for to-morrow to discuss the different attitudes assumed by it and the Camara de Comercio in the present crisis:—Melchor G. Rom, Fidel B. Garcia, Nicanor Mendez, Justo P. Gimenez, Diego N. Carman, Enrique C. Calvo, Justo J. Pertela, Luis Montaña, Pablo L. Palacios, Eduardo Amadeo, Felipe A. G. de Iturraspe, Antonio Sivori, Lisandro Billinghurst Enrique Ignacio Dominguez, Juan Carlos Rom, and many others.

LATER.

The representatives of the Banks again met at 4 p.m. with Dr Garcia in the chair and unanimously resolved to adhere to the resolutions previously passed by the committee, Sr Legarreta who was present intimating that, in his opinion, they should also be accepted by the Camara Sindical. A note to this effect was then prepared and delivered personally by the Presidents of the banks to Minister Varela, who expressed his great satisfaction with their action and stated that he would with pleasure at once acquaint the President therewith.

LATER.

We have just heard, on most reliable but non-official authority, that the Camara Sindical acknowledges the Decree of the Executive suppressing the gold traffic, and that the conflict thus being solved, the Bolsa will open on Tuesday next.

## IRISH EMIGRANTS.

Antibes, Feb. 12th.

The latest London papers to hand mention that a group of 1500 people, mostly from Limerick, embarked at Cork in a Hamburg steamer for Buenos Ayres, the Argentine Government defraying the expense of their passage, to be refunded afterwards by the settlers. This news takes me by surprise, as I have seen no notice in the STANDARD of any such intention by the Government. However, as I only get an odd STANDARD from our London correspondent it is possible you have treated the affair at length, and that the English papers took no notice of it. Provided the Argentine Government look after the settlers, the experiment is bound to be most beneficial to the Republic and to the colonists themselves.

In the first place, long experience has convinced me that Irish, Scotch and Bascos are by far the best colonists in new countries, with Italians and Germans in the second line, and all other nations in the third. I have had several controversies with English friends, whom I value and esteem, on this point, because I maintain that an Englishman is best in his own country, an Irishman or Scotchman out of it. Some of the Englishman's best qualities are closely bound up with routine, for which he will die rather than depart from. The Celt, on the contrary, has a ready power of adaptation, and hence his splendid success in Buenos Ayres, Australia and North America. Consul Cowper said in his report on sheepfarming, in 1874, that "the prosperity of the Argentine Republic is due in a great measure to the industrious Irish settlers". Sir Saul Samuel says "Irishmen make the best colonists in Australia", and Major Cragie, of the Royal Agricultural Society, says "I must confess with some regret that the best farms in Ontario are those of the Irish". These are the people who are harried like wild beasts by Mr. Balfour in their own country, and treated like vermin by too many English writers.

By all means, therefore, let the Argentine Government do its best to introduce 100,000 Irish colonists. It will be a great gain to the productive power of the country, and will raise the settlers from a condition of Helots to that of free citizens and men conscious of their worth and their natural birthright.

The admirable results of the Swiss-Italian colonies of Santa Fe is sufficient guarantee that every dollar expended on immigration produces one-hundred-fold. If I am correctly informed, the Russian colony founded at Olabarria in 1876 has likewise proved a brilliant success. There is much in favour of this system of colonization, which is essentially Communistic in its initial form and becomes subsequently the solid groundwork of individual property, on which all law and order must repose. If I were President or the Republic I would ask Congress for a grant to buy up the Rio Negro Valley and give Homestead lots of 100 acres to each male and female settler between 18 and 50 years of age. Perhaps a strip of 100 square leagues on the Paraná, between Goya and Esquina, would answer nearly as well, though not quite so suitable, because too hot for Irish people. Or else the Governor of Buenos Ayres might prolong the Western Railway to Pegunjo, and there give the Irish settlers a grant like that of Olabarria to the Russians. If any Irish colony of this kind be made let us hope that the Government will do two things: appoint an Irishman or Irish Porteño as Justice of the Peace and Governor, and endeavour to get an Irish priest to reside in the colony, or else a couple of Christian Brothers as schoolmasters. The schools in Ireland managed by these Brothers are far superior to ordinary public, municipal or national schools and closely resemble those of Don Bosco, which are found to be such a blessing in all parts of the world.

It may be that in furthering emigration from Ireland we are advancing that grand and uniform policy of the British Government, extermination. But it is sufficient if we save the people, and convert slaves into freemen. Much as I love Ireland, I love far more her noble, generous and afflicted people. Let us save them at all hazards.

## LONDON LETTER

*(From our own Correspondent.)*

PARNELL COMMISSION.

LIFE OF MAJOR LE CARON.

JACK THE RIPPER IN CENTRO AMERICA.

ENGLAND ARMING.

Paris, Feb. 19.

I overwhelm you to-day with printed copy. The evidence of Mr. Macdonald and Mr. Houston before the Parnell Commission, the interviewing of Major le Caron *alias* Thomas Balles Beach by the *N. York Herald* (London edition), the article published by the *Morning Post*, announcing that the British Government was going to ask parliament for one hundred millions sterling to place the defences of the empire in a secure position, and finally the doings of Jack the Ripper in Nicaragua could not possibly be condensed and made intelligible or interesting in the space at my disposal.

As for the Parnell Commission, I can only say the court—the public in it—continues to laugh at Mr. Macdonald's evidence as if it were a foregone conclusion that that eminent bottle-washer had been sold by Mr. Houston, who was in his turn probably deceived by Pigott. Mr. Macdonald in the witness-box has been splendidly handled, not to say mauled, by Mr. Asquith, one of the junior counsel on the Parnell side. Mr. Asquith is a rising light both at the bar and as a Radical M. P. and politician. The Parnellites are or profess to be exultant at the turn things are taking in their favour in the Court of Commission as well as in the country in general. It is a great pity the excitability of no less a person than Mr. Tim Healy should have permitted him to very much mar the prospects of his party by showing their incapacity for self-government. At the new trial of Mr. O'Brien at Tralee, his counsel, Mr. Healy, had occasion to speak of Colonel Turner, who with Mr. Roche was on the benches Mr. Healy persisted in calling the gentleman "Turner" until Mr. Roche reminded him of the gentleman's title. Healy said Turner was no colonel. The magistrate said he was. "Whatever he is" replied Healy "he is a sneak." At which the usual row under such circumstances in an Irish Court commenced, and ended in Mr. Tim Healy being ignominiously dragged out of court by two policemen, in spite of Mr. O'Brien's knees, which were rigidly set so as to prevent the regular action of the constables' movements in endeavouring to reach Mr. Healy, who eventually was pitched out into the cold outer-air, with loss of hat and over-coat and, as I think, with the loss of his own dignity and of the reputation of his party for common sense. No one will be more disgusted than Mr. Parnell, whose whole power is in maintaining his own coolness and in restraining the cussedness of some of his followers. Poor Mr. O'Brien has been consequently sentenced to another "six months" almost without trial and certainly without defence. His own bare legs during his late imprisonment turned up trumps as it happened. Otherwise, his self-sought martyrdom was not to be admired. As for Mr. Healy, his mere vulgarity will obtain no sympathy from any side, and his conduct is very unfortunate at a moment when the Irish party were as a rule just doing the right thing and gaining the hearts of this country, that was becoming disgusted with Mr. Balfour's antics and silly affectation of "blood and iron." The *Times*, smarting under its own prospect of defeat, publishes ostentatiously a verbatim report of the Healy incident and the trial of Mr. O'Brien at Tralee, as if to say, "well, if the Parnell letters *are* forgeries, if we *have* been forced to expose the genesis of our "Parnellism and Crime," if we *have* made a mess of it, just look at those chaps! If that is what goes on at Tralee, what will it be on College Green?"

Contemporaneously with this incident Colonel Saunderson, the protestant bigot, makes a speech in which he threatens that if Home Rule is granted the North will drill and raise an army of 50,000 men. I believe that will be so under certain circumstances.

It was always the grand difficulty in the political part of the Irish question, and might have been arranged when Mr Gladstone was tinkering at it, because the English people professed a polite indifference at that period to religious matters when the literary and scientific classes held sway. That is not now so much the case. Salvationism has risen up. In Canada there is a cloud caused by the leniency of the Government to the Jesuits, which might end in secession if not in civil war. Lord Salisbury has had hard work before him. The Liberal party in Canada are beginning to cry for Home Rule to the extent of making treaties with foreign countries—meaning the United States. Commercially they are quite right; but the privilege they claim would make the colony not only practically independent as it is now, but absolutely independent, and if granted to Canada the same privilege must be granted to Australia. Whilst Ireland and our colonies look askance at us, the Government seems to be scared by its German allies with the tale that if General Boulanger comes to power he will ally himself with Russia against this country. So the *Morning Post* frightens us with a war article and the announcement that the Government is about to ask Parliament for £100,000,000 for purposes of national defence; and Lord Carnavon writes to the *Times* to say we have no guns. Mr Burdett writes an equally alarming article in the "Universal Review," and we are told that it is all up with us now, for if all the private gun factories in the kingdom, together with the Royal Naval Arsenal, were to set to work to-morrow, it would be too late. If war were to suddenly break out, it would be finished one way or another in these days of rapid work, long before our big guns and ships could be ready. It takes as long to make a modern big gun as it does to make a first class armour-clad. How many years is it since the *Pall Mall* published its articles on the state of the navy etc? People—wise and common sensible people, laughed at it? John Morley and some of my Radical friends do now. I was never with them on that subject. The question was not expenditure, but the laziness of a well-fed, dont-care-a dot officialdom basking in the fine-gentlemanly indifference of cabinets, Whig or Tory, resplendent with dukes and coroneted dummies, whose sole thoughts were rents whilst the government of the country was left to *gringos*. However, the fact is that Government is going to apply for 9 millions—not 100 millions.

The *New York Herald* is gradually becoming a feature in London and Americanizing us and doing us a world of good. I have a lot to say about it, but I must postpone that subject, except to say that it distinctly denies Major le Caron's rather late protest and assertion that, when interviewed, he permitted the publication of his confessions on the understanding they were to be published in America. The whole tenour of the man's confession belies that statement. What he said was evidently intended for the English public. In America they knew all about him. Do not believe the *Pall Mall Gazette* on this subject. Mr. Stead is very often right, but never when on his hobbies, womanworship and bishops. The Archbishops of York and Canterbury and the Bishop of London whom he has beguiled into opposing the *N. Y. Herald* upon sabbatarian grounds have simply made themselves ridiculous for want of a practical knowledge of the business of the press. Stead wants to monopolise "sensationalism" and the "new departure" in the London press. That is the secret of his opposition. He has succeeded in advertising the *Herald* into fame. For in truth when it commenced it looked very colonial and a one-horse business alongside its London contemporaries.

The five million balance of the Argentine loan is just issued at 90 by Barings and Murrietta. The subscription closes in a day or two and will be a subject for my next by the Pacific s.s. The *Times* city article seems puzzled at the fact that whilst the loan is being subscribed for here, you in Buenos Ayres are shipping £300,000 in gold to this country.

## SEWAGE.

Pelham Chambers, Angel Row,
Nottingham.

To the Editor of the *Standard*

Dear Sir

I beg to forward by this post a newspaper containing an account of a system of sewerage and sewage disposal about to be carried out in a portion of the Thames Valley above London. The pollution of the Thames above London by the sewage of Chertsey and Addlestone has attracted great attention in England, because the enormous water supply of London is taken from the river immediately below these districts. It is therefore of the greatest importance to adopt the most perfect system of sewerage and sewage purification at present known; combining all the latest improvements of sanitary science.

An open competition has therefore been issued to the Civil Engineers of England with a small prize, but on the understanding that the successful engineer would carry out the work. I have won the competition, and I have also been the winner of five out of six other Sewage Competitions during the last four years.

I send you an account of the scheme, believing that the system adopted would be interesting to the local authorities of the towns and districts where your valuable paper is in circulation. If you think well to insert further short accounts of such schemes as are brought out from time to time, and which may give valuable information of the progress of sanitary science in England, I shall be glad to send such news on receiving a letter from you.

I am, Sir,
Yours obediently,
*W. H. Radford*

(ED. NOTE—We hold a full account of Mr. Radford's scheme, and shall be happy to place it at the disposal of any of our readers interested in drainage works.)

## FINANCIAL DECREES.

*(Continued)*

It may be said that the operations which I am analysing are the result of the supply and demand of gold or paper and that it is not the Stock Exchange but the commercial market which effects them. This is a false appreciation of acts which have been tolerated here, which are not tolerated in other nations, in an identical situation, and which, if continued, will render our situation more and more difficult. I affirm that the so-called operations in gold, which are quoted daily, on the Stock Exchanges established in the Republic, are not the result of supply and demand arising from financial or commercial necessities, but that most of those operations are nothing but gambling in "differences," which the law condemns as it condemns every game of chance, and which in this case it ought especially to prosecute, because such gambling prejudices all rights, interests and fortunes. To prove the truth of what I affirm, I take the so-called gold operations realized on the Stock Exchange of this capital and Rosario in February. In the former the operations in gold amounted to $66,000,000 and in the latter to $24,000,000, so that, in these two places alone, a demand was made on the stock of gold possessed by the country to the fabulous amount of $90,000,000 and the Stock Exchange has announced daily on the black boards that that sum has been depreciated, by this manner of demanding gold, to 158 o/o in relation to the value of gold. However, on the day of liquidation, at the end of the month, instead of buyers for $90,000,000, the amount of gold which was really changed for bank notes, on the Stock Exchanges was barely $5,000,000. The remainder was a ficticious demand, "pure chalk," as these operations are graphically called, not representing exchanges or purchases and sales of gold, but in reality simple bets as to who can raise or depress the value of paper.

Now, what would have been the value of paper in relation to gold if the demand had been for only $5,000,000 instead of $90,000,000? Certainly, very, very much below the price announced. The Stock Exchanges, then, have, by simple gambling "differences," exaggerated the demand for gold by $85,000,000 beyond the actual necessities, and this fact is an attack upon the value of money, which is common property, inasmuch as it is the measure of value fixed by the sovereign.

I know that there are those who believe that these operations are effected by merchants to secure the prices of their commercial sales or to fix the price of the gold coin which they require, but the legitimate commerce in exchange does not give rise to "descubiertos," which are what produce the "differences." I know that in the $85,000,000 appearing in the February liquidation, as the demand for gold which has not been made effective, but which has assisted in making gold dearer, there is a portion which proceeds from commercial operations, and that sums of gold bought and sold are "carried over" from one month to another, but this 'carrying over' *(pase)* is a mere operation of 'agio' which ought to be suppressed, it is the principal cause of the depreciation of paper, inasmuch as it retains valuable capitals for these operations which raise artificially the demand for gold and serve especially as a pretext and basis for the gambling in differences which I am analysing.

The following simple operation gives rise to what is called pase;—A merchant sells a bill of exchange and receives gold for it. He wishes to buy wool with paper, or to discount paper, or buy cédulas, etc., and at the sam time he resolves to speculate with his gold. Therefore, he goes to the Stock Exchange, sells his gold for cash and buys it for the end of the month at a lower price than that which he received for cash down otherwise there would be no pase. This operation effected, he occupies himself with paying for the wool already bought, or the cédulas, etc., representing the value in gold of the bill of exchange sold, embarks the wool, and while it is on the voyage or is being sold in Europe to cover the bill of exchange which he sold, the last days of the month arrive and as the "bears" (or operafors for a fall in price) are uncovered (en descubierto), the gold rises above the price at which he had made his purchase. This enables him to sell at a profit his nominal purchase of gold and to carry over the operation to the following month; that is to say, without being a dollar out of pocket he has already gained a difference; he repeats the operation, and if the gold again rises, he sells again for cash, to buy back for the following month, and thus continues making nominal purchases and sales of gold until the speculation for the fall is successful, and then he can either settle by selling at cost price, paying the difference, carrying over, or finding the means to withdraw at the end of the month the gold bought and waiting with it for another opportunity of repeating the operation, which hitherto has presented itself in nine months out of the twelve.

It is obvious that susch operations are perjudicial to the country and to the paper currency. They enable bankers and merchants, who have gold and require to sell it to tend paper or buy produce, to neutralize the effect of their sales of gold by making a demand for the end of the month, and they multiply the operations in gold and assist, so that the "carrying over" may give a profit, as it has done for some years, in increasing, slowly but gradually, the depreciation of the paper currency, in spite of the great importation of gold and the increasing national production.

If this "carrying over" be suppressed, the sales of gold will act as real and definite offers in the gold market, and will cease to be neutralized, as now, by purchases for to-morrow or the end of the month at prices which contribute to the depreciation or paper, because the profit of the "carrying over" depends upon the continuance of the depreciatiod.

The *bona fide* purchases of gold of February must all be included in the five million of dollrs; the others even if made by merchant to secure a fair rate of exchange for their commercirl sales must be included in the category of "*pases*", because they have not led to a definite transaction requiring the use of coin. Now, all the rctual exchanges of gold might have been effected outside the Stock Exchange.

THE BANCALARI DISASTER—INSPECTOR FAY'S REPORT—ANOTHER VERSION.
CENTRAL ARG. RAILWAY AND MESSRS. NOUGUIER & CO. BEFORE THE ENGINEERS' DEPARTMENT—THE DISPUTE ABOUT THE TRACING—INSPECTOR ZIESE'S REPORT—THE VACUUM BRAKE.

Inspector Fay's official report on the Bancalari disaster was received yesterday at the National Railway Board. It is a lengthy document, 11 pages, and contains a croquis of the catastrophe. Mr Fay traces the accident in the first place to the breaking of an axle-box in wagon Y 824., The result was, as subsequently verified that one wheel went off the rail, and the derailment of the three wagons took place about 150 metres from the spot where the catastrophe occurred. Wagon Y 824 was laden with barrels of beer, 68 in all, besides 20 cases, representing a weight of 4,650 kilos. The wagon was loaded at the Retiro station and the barrels and cases were not well arranged, so that the wagon oscillated when the train was in motion. In this manner the breaking of the axle-box was occasioned After giving all the details of the catastrophe, the Inspector concludes by stating that the B. Ayres and Rosario Railway company are directly responsible for the disaster, for the following reasons:

1st—The excessive speed of the train.

2nd—Absence of a brakesman in the van.

3rd—Addition of goods' wagons to passenger train without providing centralscrew-coupling.

The N. R. Board will meet to-day to consider Inspector Fay's report.

Inspector Ziese's last technical report on the Central Entre-Riano states the bed has not been completely repaired yet. The report is full of dry figures in regard to the working of the line last January.

Inspectors Rossetti and Koranda have received instructions to inspect the Northern Railway. Inspector Leon is to inspect the Andine.

The Ensenada Railway Bridge in Barracas has been declared safe.

Three letters were received yesterday by Dr Araozfrom Mr Hill, manager of the Pacific Railway. The first states that there are Post cars attached to every train; the second that he hoped to resume goods traffic yesterday evening, and the third that at kil. 66, old iron sleepers were found on the line, evidently with the object of upsetting a train. The engine of a goods train passed over them, but did not jump the track; and they were removed.

For some time past there has been a warm dispute between Messrs Nouguier and Co. and the Central Argentine Railway, in regard to the tracing of recently conceded lines. Messrs. Nougnier and Co. hold a concession for a line from Rivadavia station on the Northern Railway to San Antonio de Areco, Province of Buenos Aires, and the Central Argentine another from San Fernando to Pergamino. The plans and surveys for both were submitted to the Inspector-General, and it turns out that the tracings in many parts coincide, in others run parallel to each other and in other parts cross each other. According to the Inspector General, the plans of the Nouguier concession have the right of preference, since they were the first presented. However, Mr. Pirovano, Chief of the Engineers' Department, thinks that a definite decision should not be arrived at without consulting the rival parties and endeavouring to bring about some agreement between them.

## RACING NOTES AND ANTICIPATIONS.

To-day is the opening of the season at Belgrano, and although the card presents a fairly attractive appearance, yet, it is to be feared that in consequence of numerous defections of the best of the cracks, it will pan down to infinitesimal and uninteresting proportions. At the time of writing, it is rumoured that Indecis, Dragon, Havre and St. Mirin will be absentees, the first two, doubtless, with the view of fulfilling their engagements at Lanus and La Plata to-morrow. Our selections are as follows:—

Premio Velocidad—Princess May.
" Primer Paso—Stud Oriental.
" Belgrano—Indecis; in his absence Metralla.
" Definicion—Fine Shade.
" Rapidez—Phidias.

In the trotting race, the owners of the other animals engaged have entered a protest against Georgetown on the ground that, as evidenced by the pages of Wallace's Year Book and Chester's Record, he is not a trotter but a *pacer*: we are informed that if the protest be overruled, the owners of the trotters have decided to withdraw their horses!

Indécis, Dragon and Stop will be worth following at La Plata and Lanus.

## EDITORS TABLE.

Readers, "Parting (even for two days) is such sweet sorrow" that we feel the greatest pleasure in wishing you well till Wednesday morning, as to-morrow will be a strict holiday.

We feel pleasure in saluting General Roca, ex-President of the Republic, who arrived yesterday from Cordoba with his family. His house was crowded with visitors.

The splendid steamer Duca di Galliera sails to-day for Genoa. Amongst her passengers are Commander Spurr, and his son, Mr. Lafone Quevedo and family, Dr. Juan Montes de Oca, Dr. Gabriel Carrasco, Mr. Hesselgren, Mr. S. Ostwaldt, Mr. J. Costa, Commander Uttubey, and other well-known people. We wish them all a pleasant voyage.

All the very latest news about the Bolsa shillaballoo will be found in another column. There is a rumaur that Argentine Greenbacks will be quoted on the Montevidean Bolsa this week. Why not? It would blow the Mount brokers a lot of business, and be a decidedly funny outcome of the present flare-up on this side. There is nothing whatever to prevent such a solution of the gold question from the speculators' point of view. Greenbacks could be shipped in millions every evening by the river steamers.

We salute our new sporting colleague *El Turf*, editor Mr. edro C. Pezica, which will appear this day week. Everything in the way of sport, from racing to rowing, will be found in its columns.

There will be a solemn ceremony in the Cathedral to-morrow, on the occasion of the completion of the series of extensive repairs and decoration of the sacred edifice. The Archbishop will first bless the Salon de Acuerdos of the Chapter, which has been paved with English mosiacs; then the sacristics, which have been beautifully decorated, and finally the new and beautiful Tabernacle on the High Altar. Don Manuel Escalada and his Sister, Dr. and Mrs. Tomas Anchorena, Dr. and Mrs. Ortiz Basualdo, and Mrs. Dorrego de Basualdo will be the sponsors. Gounod's Ave Maria will be performed by a full orchestra and choir.

A celebrated Frenchwoman once wrote the following brief letter to her husband:—"I commence because I have nothing to do; I finish because I have nothing to say."

We heard another bit of good news for tram horses yesterday. An American from Philadelphia is on his way out with a tram car fitted up with a Naptha Motor, an originally English invention of wonderful cheapness in working, and which has been for some time in successful use on small river steamers at Liverpool at the cost of *one penny per hour!* For tram cars, as proved in Philadelphia, the cost is only *ninety cents gold per day!* When we consider that the working expenses of tramways in this country are from 35 to 45 per cent of the receipts, and that each car produces thirty dollars a day, the revolution that the use of the Naptha Motor would effect can be seen at a glance. The machine can be fitted to all ordinary tram cars at a cost of $400 each. The expected visitor from Philadelphia says he does not ask any one to believe in his Naptha machine till it is seen at work on the car he is bringing with him. This is practical. The public will soon have an opportunity of judging. Is the sad cruelty to tramway horses for which this city has become notorious at last within measurable distance of its end? All humane people will fervently hope so.

We find the following curious tale in reference to Prince Rudolph's death in an exchange received yesterday:—"The *Frankfurter Zeitung* publishes to-day what claims to be the only authentic account of Rudolph's death. "Rudolph", it says, "in December last, declared that rather than see the Baroness Verscera marry the young French financier encouraged by her family, he would resign the succession of the Crown, and live abroad as a private gentleman. Arrangements for the lady's marriage continued, until on January 29 the Baroness suddenly vanished one evening. The next day the Kronprinz's absence was noticed, and at ten o'clock at

### IMPORTANTE REMATE
En el centro agricola
SANTA SABINA

situado en el partido de Chacabuco, sobre la estacion San Patricio, F. C. del Pacifico, á cinco horas de la capital federal, la mejor tierra para agricultura que hay en la provincia. Base de venta, la hipoteca, 130 pesos en cédulas série M.

El remate se efectuará en nuestra casa, Alsina 482.

### El Miercoles 27 de Marzo, a las 2 de latarde,

remataremos, con la base estipulada de 120 pesos por hectarea, todas las chacras que componen el centro agricola Santa Sabina.

Las condiciones de venta son las siguientes:

Base, las cédulas á ser 130 pesos hectarea, cargando el comprador con la hipoteca respectiva desde que se le entregue el boleto definitivo de la venta, que será 25 dias despues del remate.

La diferencia entre el valor nominal y el valor real de las cédulas en el dia de la entrega de dicho boleto será pagadero al contado, y el exceso sobre la base se pagará el dia que se otorgue al comprador el titulo definitivo de propiedad con arreglo á lo que dispone el artículo 31 de la ley de centros agricolas, que será despues de haber cultivado la mitad del área comprada dentro de los tres primeros años. De manera que en este género de ventas habrá tres documentos a otorgarse. Todo comprador el firmar el boleto entregará el 5 cto. del total de la venta. Planos detallados á nuestra casa, Alsina 482.

510 Feb 27 Mh 22.

Nota: Todo comprador entregará el 5 cto al firmar el boleto.

D. Emilio Duportal las espléndidas chacras, quintas y solares del Centro Agricola "Maximo Paz." Jamás se habrá vendido en esta forma una estension de tierra tan selecta y tan ocrcana á la capital de la república. Venta libral; tiene por base el valor de las cédulas hipotecarias que corresponde á cada lote, pagadero en 20 años y bajo las prescripciones de la ley de Centro Agricola.

El remate tendrá lugar en el mismo CENTRO AGRICOLA. Nota: tren expreso de ida y vuelta gratis.

Es conveniente que los agricultores se den cuenta exacta de la situacion excepcional de este centro agricola que como decimos más arriba queda solo á una hora de la capital federal.

No hay ningun centro agricola por el momento que esté en iguales condiciones al centro Maximo Paz con el ferro carril sobre el mismo terreno y su estacion propia.

Las chacras están todas alambradas con 5 hilos, tranqueras correspondientes, etc, etc.; de manera que el agricultor no tiene que comparse de hacer producir la tierra.

Creemos obvio demostrar detalladamente lo que produce tierra bien cultivada y que con ello puede el agricultor pagar no solo el interés y amortizacion igual de la hipoteca sino algo mas; asi que es inutil insistir sobre la conveniencia que tiene el comprador al hacerse cargo de la hipoteca que tiene cada lote y que servirá de base para la venta tomando las cédulas al precio de Bolsa, cada diferencia y demasia de precio si lo hubiere, se pagará al contado el dia que reciba el boleto definitivo, que será a los 18 dias del que se verifique el remate.

El comprador que quiera recibir el titulo de propiedad, puede obtenerlo pagando el importe total (libre de hipoteca) al extenderse la correspondiente escritura.

Esta venta se hace a la ley de centros agricolas que como se sabe ofrece grandes ventajas al agricultor.

Para planos detallados ocurran á nuestra casa Alsina 482.

Nota—Cada comprador entregará el 5 ojo al firmar el boleto de compra.

Otra—El remate empezará despues de un almuerzo campestre,

Nota Importante:—El tren expreso saldrá para la Estacion Maritimo Paz, de la Estacion Constitucion á las 10 de la mañana, y se regresará concluido el remate.

Compuesta de 300 cuadras cuadradas mas o menos, situada en el partido 4° del Partido de Ranchos. Todo bajo alambrado, con pozo balancin, galpones, etc, etc.

Base de venta $90 la hectarea.

En nuestra casa Alsina 482

### El Miercoles, 27 de Marzo
A las 2 p. m.

Remataremos con la base arriba fijada dinero de contado por cuenta y orden del su dueño el campo arriba mencionado, compuesto de 285 cuadras cuadradas, distante 10 kilometros de la Estacion Lopez, punto de Ranchos y 2 kilometros de la Estacion Ferrera del ad Estado frente al kilometro 118 al Oeste del Ferro-carril del Sud.

El campo está perfectamente alambrado y dividido en Chacra y potrero.

La chacra está toda sembrada de maiz alambrada por todos sus costados.

El campo como se ve es adaptable para la agricultura, del que creemos inutil decir mas nada sobre él.

Es una linda porcion de tierra destinada á dar una buena renta a aquellos que no quieran esplotarla personalmente.

La Base de venta es de Noventa pesos la hectarea.

Planos y pormenores pueden obtenerse en nuestra casa Alsina 482.

### CHACRAS

para vender y para arrendar todas con cédulas hipotecarias.

El remate se efectuará en el Hotel de las Naciones, plaza principal del Baradero: Base de venta 150 pesos por hectarea.

### Lunes 25 de Marzo,

á las dos en punto de la tarde, remataremos por órden terminante de su propietario y con la base de venta arriba señalada, 10 espléndidas chacras de treinta hectareas cada una, medidas y amojonadas, situadas en la colonia Azara, partido del Baradero, Cañada Honda.

Cada chacra reconoce una hipoteca de $110 por cada hectarea cédulas de la serie F y M con la cual podrá continuar el comprador pagando la diferencia del precio á que estén en la Bolsa el dia antes del remate. El propietario se reservará terreno para un pueblo que se dividirá en lotes y se ofrecerán en remate oportunamente. Al mismo tiempo: rematamos el arrendamiento por 5 años de cinco chacras de 100 hectareas mas ó menos cada una, y 6 chacras de treinta hectareas por el término de un año. Base del arrendamiento 8 pesos anuales por hectarea.

Esta colonia se establecerá sin acogerse a la ley de Centros grícolas de la provincia; de manera que los compradores no contraerán la obligacion de cultivar una proporcion determinada de su terreno y recibirán las escrituras en seguida de concluido el negocio.

NOTA: El ferrocarril sale de la estacion central a las 7.30 a.m.

Otra: Los planos detallados pueden obtenerse en nuestra casa, calle Alsina núm. 182.

Otra: Para ver el campo puede tomarse el F.C. del Oeste hasta San Antonio de Areco, o el del Rozario hasta el Baradero. La galera sale de San Antonio de Areco pasando por la colonia los dias 1, 3, 5, 7, 11, 13, etc., y regresa del Baradero al dia siguiente. La Colonia dista de San Antonio 31 leguas y del Baradero 8 leguas. El ferrocarril Central Parmino a Buenos Aires tendrá una estacion frente a Colonia.

Nota importante: Todo comprador sin excepcion entregara al firmar el boleto el 10 ojo del valor de la compra.

### Remate del centro agricola General Paz

Autorizado por decreto del S. G. de la provincia de fecha 18 de Febrero 1888.

Los terrenos en que el centro General Paz esta autorizado se hallan situados en el deslinde del partido de Las Flores y Tapalque, entre las estaciones Pardo y Colorado del ferro-carril del Sud, distante 2 leguas de cada una de ellas.

Como se vé en el plano, esa distancia desaparecerá con la construccion de una via ferrea, que ligará el centro agricola con la estacion Pardo y que esta autorizada por el excelentísimo gobierno.

En el campo exirten trescientos y tantos mil ladrillos para las obras de edificacion que deben hacerse en el pueblo; escuela, casa de policia, iglesia y casa municipal.

Las tierras del centro agricola General Paz todas vejetales y altisimas, en las lluvias torrenciales que han pasado son los unicos campos que no han sido inundados.

Veries para convencerse de ello.

Las chacras están todas mensuradas y amojonadas reconociendo cada una de ellas una hipoteca al Banco Hipotecario con la cual el colono puede continuar á objeto de chancelarla en los años que debe durar é bien levantarla inmediatamente si asi le conviniera.

Los que tengan di ero y los que no lo tengan pueden comprar. Base de venta 60 pesos la hectarea.

Estos importantes tierras re remataran por Adolfo Bullich y Cia.

### El dia 7 de Abril

En el mismo centro, a las 2 de la tarde.

Tambien se remataran si hay interesados, una gran cantidad de utiles, instrumentos y maquinas valiosas de labranzo sin uso, muchos de ellos, aun no desencajonados; maderas, postes, alambre, animales, etc.

Al mismo tiempo se rematara el magnifico palacio con 200 hectareas de tierras grandes alfalfares, galpones, caballeriza, cochera, carruajes, etc. etc., y animales finos, vacunos y lanar.

Nota—Estos campos son conocidos por "La Pacifica" de D. Luis Goys, "La Cancelaria" y "San Jacinto."

### Importantisimo Remate de nueve chacras, en la colonia Felix. F. Lynch

Partido de Chacabuco.

### Domingo, 24 de Marzo
A las 3 p.m.

Remataremos por cuenta y órden de uno de los concesionarios del centro agricola Felix F. Lynch, situado en el partido de Chacabuco, nueve chacras de dicha colonia medidas y amojonadas.

Base de venta 60 la hectarea. El comprador se hará cargo de la hipoteca del lote que adquiera y abonará la diferencia entre la cotizacion de la cédula en plaza y el precio á que compre la tierra al contado; ó con un pagaré á 90 dias con 1 o/o de interés mensual.

De acuerdo con los artículos 31 y 32 de la ley de centros agricolas, el comprador recibirá la escritura definitiva á los tres años siempre que haya cultivado la mitad cuando menos de su terreno.

Se llama la atencion de los agricultores sobre las grandes ventajas que les acuerda la ley citada. En primer lugar, acreditando que han cultivado la mitad por lo menos de su chacra gozaran de una rebaja de un 25 o/o de los lotes establecidos para el transporte de su produccion en los ferro-carriles del estado y en los de empresas particulares tambien si el gobierno lo consintiese como lo ha obtenido ya de las principales.

En segundo lugar, los créditos que les acuerda el Banco de la Provincia gozaran de la pequeña amortizacion de 10 o/o anual segun art. 25 Ademas no tendran que pagar contribucion directa ni otro impuesto alguno durante 3 años, art. 44 y finalmente las escrituras se otorgaran en papel sellado, art. 42.

Conviene advertir que una misma persona no podra adquirir mas de 300 hectareas, art. 40, durante los 3 años en que estan obligados a cultivarlas.

El centro agricola Félix F. Lynch esta ventajosamente situado, casi a iguales distancias del pueblo de Chacabuco, 6 leguas del Salto, de Bojas, de Junin y de la estacion Echevarria (F. C. de la P.) y la Plata de San Pedro a Mar del Plata, concedida al Sr. Morra y próximo a construirse pasara por la colonia ó de lo contrario enviara un ramal hasta ella segun arreglo celebrado con los propietarios.

La estacion estara situada en el medio del pueblo a fundarse.

El terreno es alto, de buena tierra y sin desperdicio, especial para el cultivo del trigo y del maiz.

Al mismo tiempo, remataremos sin base, el arrendamiento por un año de los lotes contiguos a los que vamos a vender.

El pago del arrendamiento se efectuara la mitad adelantado y la otra mitad tres meses despues de levantada la cosecha.

El remate se efectuara en Chacabuco en casa de los Sres. Blanco y Villar.

Nota: La venta de los lotes de pueblo comenzara cuando principie la construccion del ferro carril de San Pedro a mar del Plata.

Nota: el ferro-carril al Pacifico sale de la estacion Central a las 7 y 30 a. m.

### SHEEP DIPPING POWDER.

It has been in use since the year 1843 and is now used upon
more than 50,000,000 sheep every year
Equally good for Dipping or Handcuring.

Guarranted always the same Strength.

Read what estancieros say of it;

GEO. BELL, "Estancia Grande," Pereira
I have found it the best I have ever used. my sheep are perfectly sound, and these condition and the good look of the wool I attribute to the above Dip.
R. JACOB, Pergamino
I shall not cease to express my opinion that Cooper's Dip ie without rival its results as well as for its cheapness.
ERNESTO MADERA. Maipu
The result obtained has been so satisfactory that I think it difficult to find a better and more certain remedy.

THOS. BOLLAND, "Flor de Mayo," Pergamino
None has give me such satisfactory results as Cooper's Powders.
TEODORO PETERSON, "La Belgica," Ayacucho
Cooper's Powers have given me better result than any remedy I have used yet.
GEO. E. CATTY, "El Divisorio," Bahia Blanca.
I have used Cooper's Powders for three years with the very best results on the cure of scab, and I consider that my wool has improved in appearance since I ave used it.

### ON 'CHANGE

Saturday, March 23rd.

Mr. Urabuyu has applied for the registration of the "Canteras de Mimaro," capital one million, to work quarries.

Advices from Rosario announce great excitement in commercial circles over the situation here. Nothing of course is doing on 'Change, and banks and merchants are waiting for the denouement.

It was said to-day that the Public Works Minister in La Plata has applied to the Office of Agriculture for all data regarding the Centro Agricola concessions, date of cession, name of concessionaires, and other particulars. The Minister is determined to have the enactments of the law strictly adhered to by the parties interested.

Mr. Miles, estanciero, of Santa Fe, was welcomed to-day on 'Change. He reports camp matters looking very gloomy indeed, owing to disease in the herds, 'garrapatas,' multitude of flies, etc. There is very heavy mortality also amongst the horses, many estancieros having lost very heavily. The Las Yerbas Extension of the Central Argentine Railway is making very slow progress towards completion.

The statutes of the Talleres Argentinos were handed round yesterday. The capital is fixed at two million dollars, and the principal object of the Company is to buy out F. Marty and Co. and work the business on a more extensive scale.

Mr. Fructuoso del Busto, large landed proprietor in Colonia B. O. has effected the sale of 800 squares of land to the Banco Constructor Oriental at 30 dollars the square.

The sale is reported of 5500 q. q. jerked beef from the Spangenberg saladeros, Gualeguaychu, for Cuba per Spanish barque Jose Maria at 2½ rls. fres. put aboard From 8 to 10,000 salted novillo hides have been sold to a Buenos Aires firm by the same saladero at reserved rate.

Rio Grande advices announce that the slaughter of the various saladeros up to 16th inst. was 148,046 head.

Private telegrams from Valparaiso announce a pronounced advance in prices of cereals, especially of wheat and flour.

The mails received from London this afternoon are full of comments on the Argentine 4½ per cent conversion, which has been successful. Our London correspondent forwards us an important article on the subject from a leading financial journal. We shall publish the article in our next issue.

Montevidean advices announce that the Obras Publicas Company settled its account with the National Bank yesterday, as well as several other minor debts, and remaining with ½ million gold dollars in hand to pay its way. Mr Casey, the President, has taken up the task of reorganizing the company's affairs with his accustomed vigour, and will soon be able to show the solvency of the concern and value of the shares.

With regard to the purchase of the Buschenthal estancia and other properties by an Argentine syndicate, reported a few days ago, it seems that this is the same Syndicate that has sent in the proposal to canalize the San Jose, Santa Lucia, and Pantonoso rivers. They have now purchased properties to a value of over 4 million dollars.

Farmers and estancieros may give over hope. It was confidently expected that the popular voice of the province, concentrated in the appeal of the Sociedad Rural, to have the "contribucion directa" tax reduced to equitable proportions, would have received a favourable response from the Government, but according to a decree issued yesterday such expectations are doomed to disappointment. The Inland Revenue Office report thus the taxation, though high as compared with last year, is not only not excessive, but even relatively low, and based net on speculative, but on intrinsic value. This is the first evil point of the Centro Agricola Law. Prices of lands have become so inflated during the year that they are in many instances bubble prices only requiring a pin prick to melt away; but the needs of the province to meet its debts are so great that the Government is forced to take advantage of its opportunity. The decree is as follows:—"Art. I. Prorogue to 30th April the period fixed for presenting appeal to local juries. Art. II. Reserve these documents for consideration of general jury."

The following commercial telegrams are published by the *Tribuna Nacional*:—

London, March 22nd—Argentine 5 ojo Loan has improved ¼ ojo to 101.

Liverpool, March 22nd—Hide market buoyant. River Plate heavy salted novillo hides are worth 5¼d the lb; light ditto 5½d the lb.

London, March 22nd—Argentine 1886 Loan, 6 ojo, has improved 3 points to 111 ojo. Provincial Cedulas I, 8 ojo, are still quoted at 55¾.

Havre, March 22nd—Novillo hides, R. Plate saladeros, light, 23 to 24 kilos, command 49 francs the 50 kilos. Heavy ditto, 28 to 29 kilos, 56½ francs.

Leipzig, March 22nd—Hide market is calm.

From the tenor of above telegrams and improvement of Argentine stocks it would seem that Minister Varela's action has had most favourable effect on Argentine stocks in London. The advance of a stock 3 ojo in one day cannot be construed otherwise.

The special general meeting of the shareholders of the Mercado Central de Frutos did not take place yesterday as announced, the required number of shares not being represented by the shareholders who attended the offices of the Company. It was announced that a second summons would be issued for a meeting to be held on Tuesday, 2nd April next.

The total number of animals slaughtered in the "saladeros" of Montevideo up to date is as follows:—

| | Yesterday | Total head |
|---|---|---|
| Vellozo and San Martin | 316 | 22,841 |
| P Piñeyrua | 283 | 34,805 |
| P. Denis and Co. | — | 25,446 |

### Estancia for Sale.

To be sold the Estancia
"Schoenberg,"
the property of Mr. Paul Krell.

This well known establishment is situated on the Central Argentine Rail way, distant one league from the Cañada de Gomez Station. The area of the land is 1744.50 squares of 150 varas, divided into five potreros; there are 234.50 squares of alfalfa, the rest of the land consists of hard and soft grasses. The cattle are 2967 head of fine mestizo stock, ranging from thoroughbred to half-bred Durham, 343 7/8, ¾ and half-bred bulls, 4 thoroughbred imported Durham bulls.

The horses consist of 3 imported ¾-bred stallions, 70 half and ¾-bred Suffolk Punch mares, 88 two and one year old geldings and fillies, 48 foals of this season and 65 working horses.

The estancia is provided with a small dwelling house and all necessary stables, puestos and out-buildings, inguiles etc. etc. necessary for the proper working of the establishment.

This property, owing to its position and quality is particularly suitable for the breeding of fine stock.

### DR. J. M. HENRIQUEZ

GRADUATE OF THE NEW YORK COLLEGE OF DENTISTRY,
Of the Medical University of the City of New York, of the Dental Department of the University of Buenos Aires and former preceptor at the New York College of Dentistry offers his professional services to the public.
Having just arrived from New York, after an absence of six months from this city, I bring with me all the latest appliances and improvements in the dental line.
During my stay in the North I ave made a special study of Crown-work, and am able to replace without pain, artificial crowns of an
IMPROVED SYSTEM
on decayed or dead roots, without the use of the troublesome plates.
This system is undoubtedly the greatest blessing to those suffering from decayed or broken teeth, as the crowns entirely obviate the necessity of extraction; and roots that are still firm in position can be restored to their former usefulness, and made as solid, that they will perform the function of mastication like natural teeth.
If but two firm roots remain in the jaw in the proper position an entire set of teeth can be attached to them, and restore the mouth to its original beauty and comfort without the use of a plate.

FIG. I

Fig. 1 represents a model of a mouth in which a molar at C, and two front teeth A and B are badly decayed, and past the possibility of useful filling. The nerves are dead in A and B, A representing a broken tooth, while B has been prepared for the crown.
At 1. is the root of a front tooth as it would appear if extracted. 2. shows the end of such a root prepared for a crown; 3. is the crown ready for attachment; 4. the crown attached to the root.
It is needless to say that I never extract the teeth for the purpose of crowning them. The cuts of the roots are simply for the purpose of illustrating the method of attachment.

FIG. II

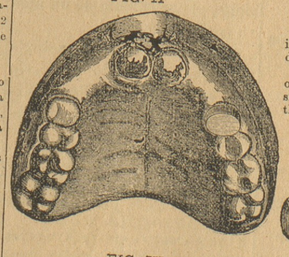

Fig. 2. represents model of a mouth in which the two front teeth have been destroyed by decay.
The roots of these teeth are capable of carrying crowns and teeth at either side to occupy the spaces from which these side teeth have been extracted.

FIG. III

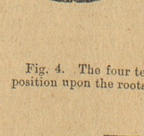

Fig. 3, two front crowns with side dummies soldered to them.

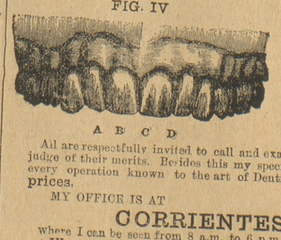
FIG. IV



A B C D

Fig. 4. The four teeth cemented in position upon the roots A. B. C. D.

All are respectfully invited to call and examine these beautiful operations and judge of their merits. Besides this my specialty, I perform with skill and care, every operation known to the art of Dentistry and at very reasonable prices.
